- 3. Livestock Entries MUST be completed and submitted by July 1st!** Failure to complete or submit fair entries on time will make you ineligible to exhibit at the Grundy County Fair. **Late Entries will be accepted July 3rd with a \$10.00 Late Entry Fee. Entries will not be accepted after July 3rd! NO LATE ENTRIES FOR STATE FAIR! NO EXCEPTIONS!**

Livestock Ownership, Identification & Exhibiting

- 1. Exhibits must be owned by the 4-H or FFA member** unless a lease agreement is filed with the Extension Office by May 15th. Horse Lease agreement is the only accepted lease agreement at the State Fair Level.
- 2. Animals identified under exhibitor's name MUST be entered at fair under the SAME exhibitor.** Dog & Horses can be co-identified by immediate family members (Siblings / Step – Siblings). Each dog/horse must still be identified in 4honline under each sibling/4-H member, and it is either identified as 4-H or FFA, not both. Siblings must both be in 4-H to identify the same dog/horse. The same animal can only be allowed to show in a class ONCE. See Horse section for more detailed information.
- 3. Livestock MUST be shown by the Grundy County 4-H or FFA member unless the member has two animals in one class.** In this case another current Grundy County 4-H or FFA member may show the animal. If there are other reasons that the exhibitor cannot show the animal, they MUST submit a request in writing to the 4-H and Youth Committee with explanation for why they are unable to show their animal prior to the first day of fair. In the event of an illness, a written request must be submitted to the Youth Committee with the name of requested substitute and event. Clover Kids can not show or help with any shows that are not Clover Kid approved shows. Clover Kids in the event of illness need to let the Extension Staff know. They will be given their participation ribbon & premium. All decisions of the Youth Committee are final.
- 4. Exhibitor enrolled in both 4-H & FFA** can choose to identify and exhibit livestock under 4-H OR FFA not both in the same species. If you are showing poultry 4-H then all of your poultry entries will be shown as 4-H. If you are showing rabbits and choose to ID rabbits as FFA, you will be exhibiting all of your rabbits as FFA. This applies to all species.

Exhibitor Identification & Substitution

1. May 15th Livestock ID deadline identifies who is taking ownership of the animal/project.
2. All livestock Exhibitors will be required to wear a wristband to identify them as a livestock exhibitor. This will help our building supervisors, Fair Board, and Extension Staff easily identify someone who should not be handling the livestock.
3. If you are not able to take your own livestock into the show arena due to an injury or disability you may submit a request for another 4-H'er to show your animal or help you in the arena. This request must be submitted to the Youth Committee prior to Fair. Decisions of the Youth Committee are final.
4. In the event of illness. A request written request must be submitted to the Youth Committee with the name of requested substitute and the event, for review. All decisions of the Youth Committee are final.
5. To participate in Showmanship class the exhibitor must show their own animal. No substitution of livestock allowed. You may not show your sibling's or friend's animal.

Exhibitor Show Attire for ALL Species: *(see your species rule section for additional information)*

1. Full length pants.

Sportsmanship

1. **ALL PARENTS, MENTORS & EXHIBITORS** are expected to act in a sportsmanship like manner and show respect for the judges, exhibitors, superintendents, Extension Staff, FFA Advisors & Fair Board. Persons not acting accordingly may be asked to leave the show, arena, or fairgrounds. The Iowa Code of Ethics applies to both youth and parents.

Removal of Projects

1. All 4-H/FFA & Open Class exhibits are released Saturday, July 22 between 2:30pm – 4:30pm and must be removed by 5:00 pm. If you have any questions check in with the Extension Staff at Fair.
2. All Exhibitors including livestock exhibitors must check out with either the Superintendent or 4-H Extension Staff.
3. Exhibitors who remove their exhibits prior to release time without proper consent of the Executive Committees will not be allowed to exhibit at the 2025 Grundy County Fair.
4. Tack / Supplies are allowed to come & go as needed.
5. Special Request to remove exhibits prior to release must be made by July 1st and on file at the 4-H Extension Office. Requests will be reviewed by the CYC, an Executive Committee member of the Fair Board & 4-H Youth Committee. Exhibitor will be notified of decision. Vacation is not a special request.

Sale of any animal on fairgrounds during the week of the fair is not allowed. Animals sold or leased prior to fair are NOT released early to anyone.

COUNTY FAIR AUTHORIZED EXHIBITOR ASSISTANCE

The following are permissible forms of assistance and support for exhibitors at the county fair. The primary expectation is for the 4-H or FFA Exhibitor to engage in learning about their project area and take full responsibility for caring for and grooming his/her own animals. Assistance, when necessary, should be geared toward facilitating the learning of new skills by the exhibitors. It is important to note that this assistance is not intended for individuals to step in and handle grooming and show preparations on show day for the exhibitors or their families. Any misuses or abuse of these assistance opportunities may jeopardize the future allowance of assistance. Please be aware that if you intend to exhibit at the Iowa State Fair, you must adhere to the Iowa State Fair Rules regarding permissible assistance for exhibitors.

Following are authorized to assist any 4-H or FFA Exhibitor

1. Current **Grundy County 4-H or FFA Members** may help another 4-H or FFA member.
2. Immediate Family Members (mom, dad or siblings, or step siblings, grandparents, aunts and uncle)
3. Superintendents & Youth Committee members.
4. Approved Project Volunteers or Approved Mentor (See Mentor Program for more information)
5. **ABSOLUTELY NO PROFESSIONAL GROOMERS ALLOWED!** Penalty for violating this rule is disqualification!
Note: Simply put, exhibitors are prohibited from hiring or requesting individuals who profit from grooming services to assist with animal preparation. Assistance should NOT assume full responsibility for grooming tasks. Exhibitors must actively participate in preparing their animals for show to the greatest extent possible.

PROJECT AREA VOLUNTEERS

A Project Area Volunteer is an individual who has expressed interest in assisting within a specific project area or multiple areas through the ISU Extension & Outreach 4-H program in Grundy County. Prior to the County Fair, volunteers are required to undergo the volunteer screening process and obtain approval from the Extension Council. The deadline for volunteer applications will be announced. These volunteers are authorized to assist families who need some guidance, tips, and help in a specific project area. 4-H Office at fairgrounds will have a list of Project Area Volunteers.

GRUNDY COUNTY MENTOR PROGRAM

The Grundy County Mentor program was established to provide youth and families with opportunities to learn and participate in various project areas that they may not have otherwise had ability to participate in. The program aims to offer learning opportunities to those interested in project areas but may lack the necessary resources, skills, or knowledge without a mentor to guide them. While exhibitors are expected to care for and groom their animals, we recognize that not everyone possesses the requisite knowledge or skills to do so independently. It is imperative that participants understand that a mentor is not someone intended to groom animals or prepare exhibits on show day. Abuse of these opportunities may impact the continuation of the mentor program. Exhibitors planning to exhibit at Iowa State Fair must follow the fair's rules regarding assistance for exhibitors.

Definition of a Mentor:

A Mentor is a volunteer who, not being an immediate family member, partners with 4-H member and family to provide learning opportunities in a specific project area throughout the year. This may include providing access to livestock, training in specific skills, or sharing knowledge, tips and suggestions to help the 4-H exhibitor and family succeed in specific project areas. This program is not in place to bring in groomers, to get an animal and see it for the first time the day of the show, or to ensure winning grand champion.

Continue to next page...

Following are mentor requirements:

1. A mentor should focus on helping the youth with Belonging, Independence, Generosity and Mastery.
2. A mentor application form must be completed by May 15!
3. A photo of the mentor must be included with the application. The mentor photos will be included in the show binder for superintendent reference and names of approved mentors will be posted in the barns.
4. The exhibitor (mentee) must include a mentor goal sheet highlighting your mentor partnership. Please included clear, realistic, achievable goals & expectations.
5. Once approved by the Youth Committee the mentor must complete the volunteer screening process.
6. Once they have successfully passed the volunteer screening process they will be notified and may start working with the exhibitor.
7. During the Grundy County Fair the Exhibitor must be involved in the grooming and preparation of animals for livestock shows as much as possible. The mentor program was not created to be someone who is the sole groomer and should engage the youth in the process.
8. Mentors will be given a wristband to wear during the week of fair.
9. **The mentor program ONLY applies to Grundy County. See State Fair Grooming Rules for exhibiting Livestock at the Iowa State Fair.**

Livestock Health Requirements:

[Click Here for 2024 Health Requirements for Livestock Exhibits](#)

Exhibitors are **EXPECTED** to review the health requirements for the species they are exhibiting. Here are a few highlights.

1. No individual Certificate of Veterinary Inspection will be required on Iowa origin animals or poultry exhibited at the County 4-H / FFA Fair, but the animals must be inspected when unloaded or shortly thereafter by an accredited veterinarian. Swine are required to be inspected either before being unloaded or before leaving a designated isolation and inspection areas (prior to mixing with any other pigs). All animals moving from out of state into an Iowa county 4-H/FFA fair must meet Iowa Animal and Livestock Importation requirements. Each show must have an official veterinarian.
2. All poultry exhibited must come from a U.S. Pullorum-Typhoid clean or equivalent flocks or have had a negative Pullorum-Typhoid test within 90 days of public exhibition and the test must have been performed by an authorized tester. Please note: Poultry purchased from a hatchery and raised for exhibition are not exempt from Pullorum-Typhoid testing requirements. Please give your certificate to the superintendent and/or turn in at the office.
3. Any evidence of warts, ringworm, foot rot, pink eye, draining abscesses or any other contagious or infectious conditions will disqualify the animal from the show.
4. All swine must originate from a herd or area not under quarantine and must be individually official identification. All 4-H and FFA tags bear the US shield are official identification tags.
5. All dogs and cats exhibited must have a current rabies vaccination certificate. Please show this to the superintendent.
6. The decision of the official show veterinarians will be final.

HERDSMANSHIP

Superintendent: Ashley Bruene

Fair is a place where Grundy County 4-H & FFA exhibitors have an opportunity to showcase their animal projects. The purpose of the Herdsmanship Award is to promote a cleaner & safer environment in the barns. For many people who do not know much about animals and their behavior, care, etc.; everything on the fairgrounds including our 4-H and FFA members should be the best it can be!

The Herdsmanship Award will go to the top Club or Chapter based on scoring below. This will be judged randomly each day of the fair including show day for each species. Beef, Sheep, Swine, Dairy, Rabbits & Poultry will be judged two times per day of the fair including their show day. Horse will not be judged because of their short time on the grounds but Horse Exhibitors are asked to pick up the area around your trailer after the show.

DESIGN

Exploring the Elements and Principles in Home Decor

Elements of Design

The elements of design are line, color, shape, texture, form, and space. These are the tools used to design a room or space.

By learning and using the elements and principles of design, you will increase your understanding of how and why some things work together and some simply don't look right.

Line

Line is any mark greater in length than width. Words to describe line include vertical, horizontal, straight, curved, diagonal, thick, thin, dashed, zigzag, continuous, jagged, or smooth.

Color

Color is what we see when light is reflected. Words to describe color include hue (the name of the color), value (lightness or darkness of the color), or intensity (brightness or dullness of the color).

Shape

Shape is two-dimensional and appears flat. For example, a square is a shape. Words to describe shape include square, rectangle, circle, oval, triangle, curved, or wavy.

Texture

Texture is the surface quality of an item. It is how something feels—or appears like it would feel—when it is touched. Words to describe texture include rough, smooth, soft, prickly, squishy, grainy, or hard. The chair shown is leather. Leather looks and feels soft, smooth, slick, or cold.

Form

Form is the structure of an item; it is three-dimensional with length, width, and depth. For example, a box is a form. Words to describe form include cube, box, ball, cylinder, pyramid, free form, or sphere.

Space

Space is the area between and around an object and the area that the object occupies. In a room, you have a defined space, so it is important to consider how much of the space each object will use. For this reason, space is an added element in home décor. Words to describe space include cramped, crowded, open, uncomfortable, comfortable, cozy, noisy, warm, or cold.

Principles of Design

The principles of design are balance, emphasis, rhythm, unity, and proportion. The principles of design are how we use the elements of design to create the desired look.

Symmetrical

Balance

Balance means that both sides appear to be equal even if they are not identical. Formal or symmetrical balance means if you draw a line down the center, both sides are identical. Informal or asymmetrical balance means if you draw a line down the center, both sides appear to be equal in visual weight although not identical.

Asymmetrical

Emphasis

Emphasis draws your attention to a certain part of the room. For example, in the image below, the yellow chair draws your attention to the center of the room first.

Rhythm

Rhythm is a feeling of movement as it directs your eye around the room. It is achieved through the repetition of the design elements of shapes, forms, colors, textures, or lines.

Unity

Unity is achieved when all the elements and principles work together as a whole to create a look or theme.

Proportion

Proportion refers to the relationship of parts within an item. Scale compares size. Shown are two rocking chairs. All the parts—seat, back, legs, and spindles—are in proportion to each other. However, the big chair would not be the correct size or scale for a toddler, while the child's rocker would not work very well for an adult to use.

CLOTHING SELECTION

1. The purpose of this class is to select and/or purchase an outfit that represents the 4-H member’s goal or intended use for the selected outfit.
2. Judging is based on fit, color, style, suitability, quality and construction features, stage presentation, required care, and cost comparison.
3. There is no consideration in the judging on the amount spent, only in the process of record keeping and reflection on the cost of the individual items as a part of the process.
4. Outfits may be purchased at a department store, boutique, online store, sidewalk sales, retail shops or mall stores. Outfits may also be purchased at garage sales or other secondhand venues at any price point. Outfits may be gifts, hand-me-downs, relative or friend’s modern or vintage clothing, or existing personal clothing, as long as the 4-H member selected the item as part of this specific outfit for the stated purpose.
5. Home-sewn clothing that was not sewn specifically for the participant are acceptable, such as purchases from a used clothing store.

\$20 CHALLENGE

1. This class is designed to expand the 4-H member's shopping experience to shopping venues emphasizing recycling, reducing, and reusing. Outfits must be purchased at a garage sale, consignment store, thrift store, secondhand store, or similar place.
2. Online venues are allowed, must be second-hand in nature. Shipping and handling are not included in the total calculations.
3. Traditional shopping venues may not be used, regardless of a low regular or sale price. Hand-me-downs or clothing as gifts do not qualify for this class.
4. Twenty dollars is the purchase price limit including tax. However, some secondhand stores and venues do not typically charge sales tax.
5. Receipt(s) for every item included as a part of the calculated total must be submitted with the entry. A garage sale receipt can be a piece of paper with the name of the location such as "Jane Doe garage sale", date, amount paid, and signature of person selling at the garage sale. If the outfit was free at a garage sale, "free" can be listed on the report form and on the receipt. Failure to provide receipts will be reflected in the evaluation.
6. An outfit consists of major clothing pieces such as a shirt, sweater, jacket and pants and/or a dress. Shoes, undergarments, and accessories are not included in the \$20 purchase price limit.
7. Alterations are permitted to achieve a desired look or fit.
8. There are no additional considerations for an outfit that totals less than \$20.
9. The outfit pieces should be purchased to meet the 4-H member's goal or intended use for the purchased outfit, and the 4-H member should have had an experience in choosing shopping alternatives, evaluating fit, quality and construction features, price, and cost comparison.
